RE: Naples Airport Request For Qualifications And Proposals (RFP) South Quadrant Hangar Development - Design, Permitting, Bidding and Construction Administration

On March 1, 2022, the City of Naples Airport Authority received 6 Letters of Interest and Statements of Qualifications in response to the Naples Airport Request For Qualifications And Proposals (RFP) South Quadrant Hangar Development - Design, Permitting, Bidding and Construction Administration RFP. All 6 submitting firms are well qualified with both corporate and individual team members experienced in a variety of similar projects. Every submittal was carefully evaluated by NAA Staff, and it has been determined at a public meeting held on March 8, 2022 that although all submittals meet the required criteria contained in the RFQ, three are especially well-suited for the project. Therefore, the following three firms have been shortlisted for further consideration:

1. Hanson Professional Services, Inc.
2. Avcon, Inc.
3. American Infrastructure Development, Inc.

The Naples Airport Authority would like to thank each firm that submitted their qualifications in response to our RFP. We hope that you will continue to look for additional opportunities for your firm in the future.

Sincerely,

Kerry Keith

Senior Director of Airport Development and Facilities
