Re: **DISCUSSION ITEM**

1. **Interviews Response to Request for Qualifications and Proposals (RFP) #23-5537, Full Service Airspace Procedure Design Firm**

ACTION REQUESTED: Interview the three (3) shortlisted firms and make a ranked recommendation for the full Board for their meeting on November 16, 2023.

BACKGROUND:

A Request for Proposal (RFP) for the Full-Service Airspace Procedure Design Firm was issued on September 8, 2023. The RFP was advertised and posted to the www.flynaples.com website, the Naples Daily News, DemandStar and the Florida Airports Council. DemandStar broadcast to 50 registered consultants; 3 firms downloaded the documents; staff also sent notice of the RFP to the two supplemental vendors.

Prior to the submittal deadline of September 28, 2023, three (3) proposals were received in response to the RFP for the Full-Service Airspace Procedure Design Firm. Every submittal was carefully evaluated by NAA staff, and it has been determined at a public meeting held on October 12, 2023, that all submittals meet the required criteria contained in the RFP, and all three are especially well-suited for this work. Staff has requested that all three (3) firms move forward with presentations to the Consultant Selection Committee and ranked by the Staff Selection Committee:

1. Hughes Aerospace
2. Diverse Vector
3. VMC, LLC

The Consultant Selection Committee meeting is scheduled for Monday, October 30, 2023, at 9 a.m. The first five minutes of the meeting will allow time for Committee member comments and questions regarding the RFP and selection process. Once that is completed, the firm will have up to 15 minutes for their presentation followed by a 20-minute question and answer period.

Please see the enclosed supplemental information: (1) Summary of the RFP and addendums; (2) Historical expenditures; and (3) References. The entire RFP is available at: <https://www.flynaples.com/rfp-airspace-procedure-design-firm/>

After the presentation is complete, the Committee will be asked to provide a recommendation regarding the firm. The results of the Consultant Selection Committee will be presented to the full Board for approval on November 16, 2023.

COMMUNICATIONS PLAN: The firm will be notified of the final recommendation, and the results will be posted on our web site.

Consultant Selection Committee Meeting of October 30, 2023

Supplemental Information

RFP 23-5537- Full Service Airspace Procedure Design Firm

Issued September 8, 2023

I. SCOPE OF SERVICES AND DELIVERABLES

The Authority reserves the right to modify this scope during negotiations for budgetary reasons.

The Authority anticipates that the services may include, but are not limited to the following:

- Develop airspace procedures including, but are not limited to:
 - Increase/remove the 2,000' hold down for departure procedures and remove associated airspace conflicts from all runways
 - Increased glideslope approach procedures for all runways
 - Optimized Profile Descent Procedures (OPDs) for all runways
 - Design multiple alternatives for a Runway "23 Bay Departure"
 - Design multiple alternatives for a Runway 32 "Goodlette Road Departure"
 - Additional information related to these items may be found in the NAA Part 150 Noise Compatibility Program here: <https://www.flynnaples.com/noisestudy/part-150-noise-study-documents/>
- Design procedures that are FAA-compliant and submission-ready using FAA's Terminal Area Route Generation and Traffic Simulation (TARGETS) software; Consultant should have access and ability to use TARGETS
- Deliverables including technical reports, charts, coding tables, etc.
- Implementation plan that meets FAA guidelines and requirements for each procedure
- Assist with the Instrument Flight Procedure (IFP) Gateway submission for each procedure
- Safety Risk Management assessment
- Training materials for ATC Tower implementation

Coordinate with FAA, ATC (Naples Tower, RSW TRACON, Miami Center, etc.) as needed and briefings with the Authority Board of Commissioners and City.
